REPORTS SHOW MORE DISPLAYS AT ANNUAL FAIR SEPTEMBER 8-12

There will be more exhibits and displays than ever before at the annual South Mountain Fair in September, according to reports presented Monday evening at a meeting of a number of committee chairmen with Executive Director W. Clayton Jester at the fairgrounds, near Arendtsville.

Reports at the session indicated most committees have been active for at least several weeks in advancing preparations for the fair to be held September 8 through 12.

So far, according to reports, little change is contemplated in the types of exhibits sought for the fair, with only one or two chairmen suggesting changes in the premium lists for their departments. Several asked a few more days before listing any changes, but indicated that for the most part the changes would be merely additions of a few classes which last year's fair showed would cover more types of articles to be displayed.

Schedule Stage Revue

Jester asked the chairmen to turn in such changes as they may have in order that he may be able to have the premium book to the printer in about a week.

Reports at the meeting showed that Entertainment Chairman M. LeRoy Zeigler has arranged for "outstanding revue" to be presented in the auditorium each afternoon and evening of the fair.

In addition to the entertainment already scheduled, the association is hopeful of securing additional headline attractions for one-night appearances with the revue.

On Stage Program

The basic unit for the entertainment will be Roy Myers' (Continued on Page 5)

NEW QUARTERS FOR SCOUTS IN ARENDSVILLE

Boy Scout Troop 70 of Arendtsville is soon to have a new home of its own. It has been meeting in the basement of the Arendtsville National Bank and on the second floor of the fire house. Neither of these quarters, while appreciated by the Scouts and their leaders, was fully satisfactory.

Aided by the Arendtsville Fire Co. and numerous residents of Arendtsville, the old elder press building formerly owned by H. C. Raffensperger on Pearl St., is being converted into a new Scout headquarters. Next to the elder press building is a vacant lot. The fire company has purchased the entire property, and will retain the vacant lot, which has a 60-foot frontage, as the site for a new fire house. The remainder of the property, measuring 114 by 185 feet, is being purchased by the Scout troop from the fire company on a long-term payment plan.

COUNTIAN GETS FELLOWSHIP FOR SPECIAL STUDY

Miss Hylda C. Kleinfelter, a student at the Woman's Medical College of Pennsylvania, Philadelphia, daughter of Mr. and Mrs. Roscoe Kleinfelter, R. 5, has been awarded a fellowship for two months of study by the National Foundation for Infantile Paralysis. It was announced today by Mrs. J. E. Codori, chairman of the Adams County Chapter of the March of Dimes organization.

Under the National Foundation's fellowship program, medical students who have completed at least two years of their medical school course are offered the opportunity for acquiring experience in the field of public health and preventive medicine during a two-month period of free time. Two candidates may be nominated by the dean of each of the country's approved medical schools to undertake this period of study at a university or public health agency.

\$400 Award

The National Foundation provides \$400 for each student selected for this fellowship award. The program is under the direction of Dr. Catherine Worthington, director of professional education for the March of Dimes organization. In announcing the award, Mrs. Codori said:

"We hope these fellowships will stimulate medical students to undertake a two-month program to become familiar with public health problems. Such a period of study should help the student to determine his own interest in eventual participation in either the teaching or application of public health and preventive medicine."

World's First Jet Ace Nearly Crashes Over Korea Today After Downing Two More Red MIGs

By MILO FARNETI
A U. S. SABRE JET BASE, Korea (AP)—Maj. James Jabara, the world's first jet ace, almost crashed over North Korea today after shooting down two more Communist MIGs to boost his total kills to 14.

The stocky Kansan had just downed his second MIG when the Sabre jet engine flamed out.

Jet pilots say their planes "flame out" when, for some reason, the flame in the combustion chamber dies and the engine quits.

"Four MIGs were on my tail shooting away while I watched the MIG pilot bail out," Jabara said. "My Engine Quit"

"I wanted to take pictures. But these four MIGs kept firing away—and then my engine quit."

"It's a good thing they're poor shots. It got pretty hot for a while but I went straight down for the deck with the MIGs right on top of me. When I got pretty low they wouldn't go in on top of me. The flame-out lasted about a minute and a half, then my engine started again and we looked for more MIGs."

Jabara said he thought for a

while the MIGs had hit his Sabre with cannon fire.

Went Back For More
"Just about all flame-outs start up again unless you've been shot up," Jabara said. "It was the first flame-out for me."

The jet ace said he went back looking for his 15th MIG kill but was forced to quit when his fuel ran low.

"They were swarming up there today," Jabara said.

Jabara, now on his second combat tour in Korea, needs only two more MIGs to equal the all-time record of Capt. Joseph McConnell Jr., of Apple Valley, Calif.

No Celebration
Jabara chewed on a cigar and drank a couple of beers after looking up for the day—that's about all the celebrating he planned.

"A cigar sure tastes good after a brawl," Jabara said. "Sometimes I need one bad but you have to wear the oxygen mask when you're working."

Jabara belongs to the Fourth Fighter Wing which shot down 11 MIGs today. That's a record for one wing but he said there probably (Continued on Page 2)

Almost overnight the softball field and adjoining areas at the Gettysburg Recreation Park have been converted into a midway of carnival colors and activity for the opening of the Gettysburg Fire Department's annual festival in connection with the observance of the 90th anniversary of the Battle of Gettysburg and the 177th anniversary of the signing of the Declaration of Independence.

Beginning at 7 o'clock tonight, and continuing each night this week and Saturday afternoon, concluding with a final fireworks display Saturday night, the firemen will provide fun, food and amusement to suit every taste. There will be fireworks displays tonight, again on Thursday night, and on Saturday night.

Firemen have been working for the last several days getting the softball field in readiness for their carnival, a means used to raise money for new fire department equipment. The refurbishing of the dining pavilion has been completed and on Monday canvas rose like magic to transform the softball diamond into a tent city.

2 Vending Machines Looted By Burglar

A thief or thieves broke into the office of the Blue Ridge Oil Co. at Seven Stars early this morning and took several dollars from cigarette and soft drink vending machines. State police are investigating.

Roy Hammond, manager of the oil company, said the burglary was discovered about 3 o'clock when a driver, going to the plant to secure gasoline for further deliveries, discovered that the rear door of the office had been forced and the office ransacked. The person entering the building had broken open a cigarette machine, badly damaging it, and removing several dollars in quarters. The burglar had also broken open a soft drink machine and removed the money in it. Little damage was done to the soft drink vendor, Hammond said.

Accept Cash For Soldiers' Meals

The USO Committee seeking evening meals on July 4 for the 700 soldiers from Indianopolis Gap who will parade here that afternoon, announced today the Chamber of Commerce will accept cash donations toward this project from persons "who are eager to help in this community project but unable to entertain any of the servicemen in their own homes."

Dean W. E. Tilberg, USO committee chairman, said he had received a number of offers of contributions toward the cost of evening meals for the soldiers from persons who find it impossible for numerous reasons to play host in person to the soldiers.

Invitations already have been received at the Chamber of Commerce office for 344 of the soldiers, Dean Tilberg said, and added he is hopeful more reservations will be received. The number of soldiers involved is 700 instead of the 824 originally expected, Dean Tilberg said he was informed today.

NEW OFFICERS FOR LIONS CLUB ARE INDUCTED

Officers to serve the Gettysburg Lions Club for the year ahead were installed Monday evening at the club's regular dinner meeting at Shaffer's Park. The new president is Calvin A. Cluck who succeeds John S. Rice.

The installation was conducted by Zone Chairman Jennings B. Collins, a member of the local club.

In addition to President Cluck, these officers were inducted into office: First vice president, Elmer H. Schriver; second vice president, Earl E. Ziegler; third vice president, Eugene R. Hartman; secretary, Ralph E. Barley; treasurer, J. Herbert Weikert; talltaster, Donald Manning; Lion tamer, John B. Kendlehart, and directors for two years, Percy Miller and Richard Folkenroth.

Meet Next July 13

About 90 attended the meeting with President-elect Cluck presiding. The Lions tabled a request from the Model Airplane Club of Gettysburg for a donation to the fund for prizes to be offered at the contest to be held here August 30.

Dean W. E. Tilberg renewed a request to the Lions for members to invite servicemen to their homes for the evening meal on July 4. He said that late Monday afternoon reservations had been made for only 325 of the 824 soldiers who will march here in the July 4 parade. He urged Lions to file their request for servicemen "as soon as possible" with the Chamber of Commerce.

The Lions will not meet again until July 13.

NEW DIRECTORY IS PUBLISHED

A new directory of health, welfare and recreation services in Adams County, published jointly by the Adams County Services Committee and the Adams County Fraternal and Social Organization, is now being distributed.

The editorial committee consisted of Arthur J. Roth, editor; Mrs. Henry T. Bream and Mrs. Donald Myers. The first edition numbers 2,500 copies, which will be distributed to all of the agencies represented in the four by six-inch booklet, to churches, fraternal and civic organizations, doctors, schools, and others.

Entitled "Where to turn for services in Adams County," the directory was made possible, according to its editors, through the combined efforts of the County Services Committee of the Mid-Century White House Conference Committee for Adams County, which conceived the idea; the Adams County Fraternal and Social Organization (county federation of fraternal, social and veteran clubs) who raised the funds, and the Directory Editorial Committee which gathered and condensed the information and wrote the book.

The booklet contains 28 pages, and lists 35 organizations, as well as a number of camps serving the youth of Adams County, and several welfare fund sources. The Adams County Services Committee comprised the following: Mrs. Henry T. Bream, chairman; Mrs. Verna Myers, first vice chairman; Miss Ruth Doud, second vice chairman; J. Lloyd Slaybaugh, secretary, and George Haehn, treasurer.

GUIDES VOICE OPPOSITION TO TOURIST BOOTH

Representatives of the Chamber of Commerce will attend a meeting of the Retail Merchants Association tonight at the Court House in an effort to iron out complaints made to the chamber by a number of battlefield guides against the information booth in Lincoln Square, which is operated during summer months by the merchants group.

Volunteers, mostly women, staff the booth for the merchants association. Six battlefield guides appeared at a meeting of the board of directors of the Chamber of Commerce in the office in the Kadel Building Monday night.

They voiced the complaint that they felt that "some of the attendants" at the information booth "are not qualified to furnish the proper information in selling Gettysburg to the tourists."

To Meet Retailers

The guides included Rufus Bushman, James Crouse, Walter L. Reynolds, William Holtzworth, Harry Bumbaugh and William Shearer.

Declaring that they felt that "many thousands of dollars" are lost to the community by not selling the guide service to visitors, they complained that both attendants instruct tourists how to tour the battlefield by the use of maps rather than recommending that they employ a battlefield guide.

On motion of Mares Sherman, seconded by Edmund W. Thomas, representatives of the chamber were instructed to meet with the Retail Merchants Association.

The board voted a contribution of \$50 to the Gettysburg Fire Department (Continued on Page 4)

SHERIFF NABS TWO FUGITIVES

John "Dick" Mays, Littlestown, and Hoy H. McCleaf, Orrianna R. D., were arrested Monday by Sheriff Dorsey J. Schultz, Mays for a parole violation and McCleaf on a bench warrant for contempt of court.

Mays is alleged to have violated his parole when he was arrested in Frederick Md., and served 30 days on a charge there, shortly after being placed on parole by the Adams County court, the sheriff said. A detainer was sent to Frederick, but Mays refused to waive extradition. County officials waited until he returned to the county, and the sheriff went to Littlestown Monday afternoon and arrested Mays as he was walking along a street.

McCleaf was arrested on the bench warrant for failing to pay an arrearage of more than \$300 on a support order for his mother, Jennie McCleaf and failure to pay the costs in the case. One of 14 children of Mrs. McCleaf, Hoy McCleaf, according to the sheriff, was the only one within jurisdiction of the county court who did not pay his share of the support order. He and three brothers were brought before the court in December, 1952, charged with failing to make support payments. They were given until January 23, 1953, to pay the support order. The other three paid and Hoy McCleaf, according to the records at the Court House, still owes the amount.

Child Of Former County Pastor Hurt

Marked improvement was noted Monday at the Chambersburg Hospital in the condition of Douglas Nelson, seven-year-old son of the Rev. and Mrs. Nelson H. Frank, of the Methodist Church parsonage, Chambersburg, who was struck by an automobile driven by Richard Leedy, 19, Chambersburg, as he reportedly darted from behind a parked car near the church Sunday morning.

X-ray examinations at the Chambersburg Hospital indicated Monday that there were no fractures of the skull, jaw and pelvis, as it was feared at first. His condition was described as good. He is being treated for severe lacerations of the scalp and multiple contusions of the body.

The Rev. Mr. Frank is a former pastor of the Bendenville Charge.

Guide, Cops, Booth Aid Town Visitor

A guide, borough police and the Information Booth cooperated Monday to return a handbag to a visitor who had lost the article on the Battlefield.

According to police report, Mrs. Dorothy Kent, nee Lexington, Ohio, reported to police that she had lost her handbag. A check disclosed that a guide had found the bag on the field and left it at the Information Booth. Mrs. Kent was sent to Lincoln Square to recover her property.

\$500 Damage In Two Auto Crashes Here

Damage amounted to \$500 in two auto accidents investigated by borough police over the weekend. No one was injured.

Sunday evening at 8:15 o'clock three cars collided on Buford Ave. causing \$475 of the damage. Police said Milton Strausbaugh Jr., York R. 1, stopped for traffic and Ellsworth Routsen, Hanover, smashed into the rear of the Strausbaugh car. Then a third auto, driven by Arthur Hicks, Philadelphia, hit the rear of the Routsen vehicle. The wet highway, caused by the rain was held responsible for the triple crash.

The other accident occurred Saturday afternoon at 3 o'clock when, according to police, Garland W. Baker, Gettysburg R. 1, backing out of a parking space on Lincoln Square, struck a car driven by Francis Leo Sanders, Gettysburg R. 5, which had stopped to discharge passengers immediately in back of the Baker vehicle. Damage was confined to the Sanders car, according to the report, and totaled \$25.

Morale And Weather
"The war's gotta go on," Jabara said. "The airmen are happy, morale goes up when the weather's good and you shoot down MIGs. When the weather is bad and you don't get any MIGs the morale goes down. That's the way it goes. After all, that's the only reason we're out here, to shoot down MIGs."

Jabara has not applied for an extension of his present 100 missions on his second Korean tour. He has nine more to go to make it an even 100 this tour.

Capt. McConnell and Capt. Manuel Fernandez Jr. of Miami, Fla., now tied with Jabara for second place, both wanted to keep on flying here.

But Jabara has a pretty good reason for not extending.
"I just got to go home to Wichita. I have three kids and I've only seen Jimmy, the oldest one, for a year and a half. Then there's my wife. She doesn't care about MIGs or anything else. She wants me home."

Slayer May Have Lost Last Appeal

PITTSBURGH (AP)—Cleveland Thompson, convicted slayer of a Pittsburgh bartender, appears to have lost his fight to escape the electric chair.

U. S. District Judge Rabe F. Marsh, who granted Thompson his ninth reprieve from death recently, heard final arguments yesterday on the killer's request for a new trial and remarked: "I believe I shouldn't have granted a stay in the first place."

However, Judge Marsh took the case under advisement. Thompson, who shot to death Wallace Russell during an attempted holdup in 1949 claimed evidence as suppressed at his trial.

While the "white way" for the present consists of three electric light standards erected on Chambersburg street, several more are to be erected by property owners along that block within the near future.

The standards have been erected in front of Eckert's Shoe Store, Blocher's jewelry store and the Blue Parrot tea room.

The lights were erected and will be maintained by the merchants and while no unified control is possible, the persons responsible for their being kept lighted will maintain the same schedule for turning them on and off.

It is understood that other lights are being planned in front of the Elks' home, the John D. Lippy building and the Eagle hotel.

MAN AND HIS DRESS SUIT
At times all women will declare: "I haven't anything to wear."

And that, of course, is woman's way.

"It's something she will often say. But man's complaint resembles that: 'Not evening dress! I'm much too fat.'

"It's fifteen years or more since I have worn the tails, white vest and tie.

Were I to try to get in those The pants and waistcoat wouldn't close.

The garment's good, beyond a doubt.

But now to wear it I'm too stout.

"Black tie and short Tuxedo?"

Yes.

But, darling, not in evening dress. And never in that old silk hat!

It's years since I've been under that.

It's going to be a swell affair? Like you, I've nothing fit to wear."

Today's Talk

By GEORGE MATTHEW ADAMS

NONSENSE

In his absorbing and brilliant book, "The Human Situation," by W. Macneil Dixon, I came across this sentence in the introduction: "Perhaps I should not, but I find even the frenzied illogicality of the world amusing. And my private opinion is that only if you can appreciate nonsense can you appreciate sense."

Perhaps that statement by this unusual author and thinker suggests the popularity of so many of our humorous books and comic strips! Mere nonsense habitually spotlights sense. For years I collected the first editions of W. H. Hudson, later presenting the collection to the Clements Library of the University of Michigan at Ann Arbor. In that collection was a book by Santyana, the noted Harvard teacher and writer. This book was Hudson's own copy and he made notations all through it. I recall one. It was in Hudson's handwriting. It said: "This is all nonsense!"

A debater gets a big laugh when he starts out by stating that his opponent has said nothing but a lot of nonsense. But then listeners pay strict attention to see if he has something to say that is an improvement! Sense and nonsense are often intermixed. Again Dixon said: "I am less enamored of truth than beauty. Beauty I know, or think I know, when I meet it. Of truth I am never so sure."

Writers often try to disguise the truth by enveloping it in a little nonsense. Often, if you are able to make people laugh, you help 99 make them think! So, you see, nonsense plays a big part in life. We turn to our books by Bill Nye, Mark Twain, Josh Billings, and others. Their writings often act as a broom to sweep out the cobwebs in our mind.

An unknown writer once said that "a little nonsense now and then is relished by the wisest men." The humorous artist, depicting a ridiculous situation, always gets a laugh. The late Don Marquis regretted that his reputation should rest upon his humorous creation of a cockroach, which he called "Archie," but it seems to outlive his genuine merit as a fine poet. We, apparently need the mental vitamins in nonsense!

Tomorrow Mr. Adams will talk on the subject: "Streets."

SHOWDOWN ON EXCESS PROFIT TAX AVERTED; PASSAGE SURE

By CHARLES F. BARRETT

WASHINGTON (P)—The Eisenhower administration, after weeks of bitter bickering, appeared today to have cleared the legislative trail for a six-months extension of the excess profits tax.

Working desperately behind the scenes, administration forces stamped out a stubborn rebellion in the House Ways and Means Committee, outmaneuvering Chairman Daniel A. Reed (R-N.Y.), who had raised a blockade against action on the bill.

And thus they dramatically averted, literally at the last minute, an expected showdown House battle over a drastic move to bypass the proud old tax-writing committee.

Easy Sailing Now

House leaders joined Republicans and Democrats on the committee today in voicing firm conviction the tax extension would have relatively easy sailing now. The committee roadblock had been the big obstacle; both the House and Senate appeared likely to okay an extension if it came to a vote.

The levy expires at midnight, but it can be renewed retroactively. Reed still held out strong personal opposition. But his supporting ranks had been shattered, even among Republican colleagues on his own committee.

Reed yielded only to the point of calling his group into session July 8. Previously he had canceled all committee meetings to block any action on the administration's tax proposal.

Reed Will Or Else

His concession was enough. Key Republicans said 10 or 11 of the 15 GOP committee members will vote to bring the tax bill to the floor. Democrats said they would support the move almost solidly.

Rep. Richard M. Simpson (R-Pa.), who evidently played a big role in the settlement, said he "anticipates and hopes" Reed will agree to put the business profits tax on the committee agenda for the July 8 session, or another meeting about that time.

But if the chairman doesn't, it was clear, a substantial majority of the committee was ready to take matters in its own hands.

MOTHERS ARE COMPLAINING OF LANGUAGE ON TV

PHILADELPHIA (P)—A lot of Philadelphia mothers would appreciate it if television cowboy thrillers would eliminate such indicative phrases as "Ya dirty varmints" and "Ya yellow-livered coyotes."

The expressions, they say, have too great an appeal among children who have made the lingo their own.

The reaction of hundreds of parents to the television influence on children was reported today in a city-wide survey made by the Philadelphia Home and School Council.

Please Mr. Godfrey

One mother said with perplexity: "How can I teach my son to say 'genuine' when his cowboy heroes say 'gen-u-wine'?"

Another pleaded: "Would it be possible for Arthur Godfrey, who is quite a favorite with my children, to eliminate the words 'lousy' and 'ain't'?"

The council, which represents some 150,000 parents, has been largely responsible for installing 225 television sets in public schools in Philadelphia.

See Great Improvement

But it declared, as the result of the survey: "Mispronounced words, slang and ungrammatical phrases have become the everyday language of many youngsters who follow the example of their TV idols."

While admitting that television programming in general has improved "tremendously," the council complained that "shooting, fighting and name-calling are grossly overdone in some Western cowboy films carried on television."

ROCKEFELLERS' TRUCE NEAR END

NEW YORK (P)—The matter of Barbara (Bobo) Rockefeller's continued occupancy of her estranged husband's Park Avenue apartment may be settled today.

The 36-year-old Mrs. Rockefeller, who moved with her son into the apartment over the week end, told newsmen yesterday that attorneys had arranged a four-day truce ending today.

Under this truce, she said, she had been allowed unrestricted use of the apartment until sometime today.

Mrs. Rockefeller held a news conference to explain her sudden arrival in the apartment. She came here with her 4-year-old son, Winthrop Paul, from an Indiana farm. She said she was trying to preserve the marriage for the sake of the boy.

There were suggestions she might have to move with the boy, and a woman friend who accompanied her, into a hotel after today. However, Mrs. Rockefeller herself was somewhat vague on just what might happen.

Rockefeller, 40, has had no comment on the apartment occupancy. He is in Little Rock, Ark.

MOSCOW (P)—Eddy Gilmore, Associated Press correspondent in the Soviet Union since 1941, left Moscow by plane today for Finland, en route to the United States.

He was accompanied by his Russian-born wife and two small daughters.

On the same plane, with the Gilmores were another American and his Russian wife, Mr. and Mrs. Robert Tucker, and Mrs. Ethel Balashova, a U. S. citizen, and her two daughters by a Russian father.

The Soviet Union gave Mrs. Gilmore, Mrs. Tucker and the Balashova children permission to leave early this month in the first such Russian action in recent years. Subsequently the Soviet government announced it would give visas to four more Russian wives of Americans living in Moscow.

SOVIET TANKS PULLING BACK IN EAST BERLIN

BERLIN (P)—Soviet tank forces gradually pulled back today from leading East German provincial cities still in the grip of martial law.

More than 1,300 new arrests by the East German government's security agents were reported in the strike-crippled steel, uranium, coal and automobile industries.

A sabotage fire inflicted heavy damage to open pit installations in the big coal field at Bitterfeld, in Saxony-Anhalt, but no other serious flareup of resistance was confirmed in the Soviet zone.

The 14-day siege following the June 17 workers' rebellion was reported ended in the cities of farming districts in Brandenburg and Mecklenburg had been turned back to civilian Communist control yesterday by Soviet command.

In Leipzig and several other centers of the rebellion, Soviet armor withdrew in an intimation that further lifting of martial law was in prospect. Many of the Red Army units patrolling East Berlin already have been recalled to their barracks.

The Adams County 4-H Council will meet Thursday evening at the farm of Parr Breighner, Littlestown R. 2. Members may meet at the farm at any time prior to 8 o'clock for a swimming party. The business session will begin at 8 o'clock, to be followed by a weiner roast.

Slump-Ridden Braves And Yankees Go On Road Hoping To End 7-Game Losing Streaks

By BEN PHLEGAR
AP Sports Writer

The slump-ridden Milwaukee Braves and New York Yankees packed up their troubles in their old kit bags and hit the road today hunting for something to smile about.

The two clubs, deep in their longest losing streaks of the year, misplaced their winning touch in their own ballparks and they were hoping a change of scenery would make a radical difference. The Yankees went to Boston for three games starting tonight. The Braves headed for Cincinnati, where they open a three-game stand with a twilight-night twin bill tonight.

Both teams have dropped seven straight. But because of the tight National League pennant race the sudden blackslide has proved considerably more costly to the immediate standing of the Braves than to the Yankees.

Yanks Lose Exhibition
Milwaukee skidded from first place, which it held by 2½ games over Brooklyn, to second—a full game behind the Dodgers.

The Yankees, of course, are still in first place—by six games. That's a bigger margin than they've held at the end of the last four seasons when they won pennants, but it represents a loss of 5½ games of their lead over the second-place Cleveland Indians.

The Yankees are so much off form that they can't win on the exhibition circuit either. Before New York's largest crowd of the season, 56,136, the world champions were overpowered by Brooklyn, 9-0, last night.

In the only regular game played in either league, the lowly Chicago Cubs stopped the St. Louis Cardinals, 6-2, on the six-hit pitching of lefty Paul Minner.

Miksis Streak Ends
The third-place Cardinals had figured to gain half a game on the idle Braves and Dodgers but Minner kept them well under control and didn't yield a run until Ray Jablonski homered with the bases empty in the eighth.

The loss put the Cards 2½ games back of Brooklyn and 1½ behind Milwaukee.

Eddie Miksis and Frank Baumholtz contributed home runs to the 10-hit Chicago attack against loser Joe Presko, Mike Clark and Ed Ewart.

Minner handcuffed Stan Musial, stopping The Man's hitting streak at 10 games.

Idaville Rally Tops Legion 7-6

Rallying for two runs in the last of the final inning, Idaville edged the Shippensburg Legion 7-6 in a Cumberland County League game Monday evening at Idaville.

Ken Deardorff doubled to score Charles Bonaslin with the tying run and then scrambled home with the winning tally on a single by Dale Sites. Sites and Herb Deardorff each poled three hits for the winners.

Score by innings:

Shippensburg	1	3	0	2	0	6	8	0
Idaville	2	0	1	0	2	2	7	15

Batteries: Idaville, Singley and Kopp; Shippensburg Legion, Peckhart, Cassidy (6) and Rosenberry.

Masland defeated Friendship 5-4 and Newville edged Mt. Holly Springs 7-6 in other games.

Foresee Two Yanks In Tennis Finals

WIMBLEDON (P)—Quarter final matches in women's singles were on tap today at the All England Lawn Tennis Championships, and it seemed a safe bet that when the finals roll around Saturday two American girls will battle for the title.

The favorites are Maureen (Little Mo) Connolly, 18-year old defending champion from San Diego, Calif., and Doris Hart of Coral Gables, Fla., who won the crown in 1951. They are seeded Nos. 1 and 2, respectively.

Some are calling Maureen "Big Mo" now after her steamrolling victories to date. She meets Mrs. Erika Vollmer of Germany today, and is expected to have little difficulty.

Doris, who has set her heart on meeting and defeating Maureen in the finals, meets Hungary's Mrs. Suzi Koernoczki, who upset Helen Fletcher, British Wightman Cup player, in the fourth round.

PGA Tournament Opens Wednesday

BIRMINGHAM, Mich. (P)—Golf's longest and toughest grind, the PGA championship, begins its week-long run tomorrow with two tournament pros sharing the favorite's role—Sam Snead and Cary Middlecoff.

Jim Turnesa, the mild-mannered defending champion from Briarcliff, N. Y., himself is picking Snead, a three-time winner, as the man most likely to survive the medal and match play marathon.

"You have to pick Snead in every tournament he plays," said Turnesa, who might be excused for not reading up on the U. S. Open.

Middlecoff, winner of the Carling Open at Cleveland over the weekend, comes to Birmingham with his clubs "hot," as the boys say, and with a big collection of backers.

ANGLERS FACE HUMID WEATHER

HARRISBURG (P)—Humid and warm weather is in the offing for fishermen at the beginning of the 1953 black bass season tomorrow.

Fishing for bass, pike-perch, pickerel, muskellunge and pike becomes legal at one minute after midnight, Eastern Standard Time, throughout Pennsylvania. The season extends through Nov. 30.

The Weather Bureau predicted continued humid and warm weather through the early morning hours with possible scattered thunderstorms over much of the state by tomorrow afternoon.

Regulations on legal size maximum catch limits remain the same as last year: Nine inches or better for black bass and six a day.

Legal size and limits for the other species are: Pike-perch, 12 inches, 6 a day; pickerel, 15 inches, 6 a day; muskellunge, 24 inches, 2 a day; and pike, 16 inches, 4 a day.

The commission noted that anti-stream pollution campaigns has opened more waters to bass fishing.

Athletics Sign Southpaw Hurler

PHILADELPHIA (P)—Bob Unger, southpaw hurler from West Lawn, Pa., has been signed by the Philadelphia Athletics and sent to Savannah in the Sally League.

General manager Art Ehlers, said Unger was paid a bonus but did not disclose any figure. The 22-year-old pitcher achieved a measure of fame on the gridiron as understudy for Princeton's All-America back, Dick Kazmaier. He was one of the tailbacks who replaced Kazmaier on last year's Tiger football team.

Car Leaves Road When Deer Appears

Mrs. Helen Mummert, 26, Dillsburg R. 2, was treated at York Hospital for a lacerated scalp and bruised legs suffered in a one-car accident at 10:30 o'clock Sunday night on the Old State Rd., eight miles north of York.

State police said Mrs. Mummert was operating her automobile southwardly on the highway and lost control when a deer suddenly ran onto the highway in the path of her car. The vehicle, they said, knocked down several mailboxes, damaged a spruce tree, farm tractor and cultivator owned by Hugh N. Zerkle, York R. 4. Total damage was estimated at \$800.

Hitchhiker Found After Being Beaten

He finally escaped but only after the four men who offered him a ride had beaten him severely, a 31-year-old hitchhiker told Waynesboro police Sunday.

The man, Donald Martin of Charleston, W. Va., was found unconscious in a barn near Emmitsburg, Md., Sunday afternoon. An unidentified farmer discovered the badly beaten hitchhiker who was picked up Saturday night.

A neighbor of the farmer put Martin in his car and rushed him to the emergency room of the Waynesboro Hospital. He was treated for multiple contusions of the face, chest and arms.

PUSAN, Korea (P)—Two North Korean Communists war prisoners were killed and three were wounded yesterday when a 30-man POW work detail attacked U. S. and South Korean guards, the U. N. Prisoner of War Command announced today.

The guards opened fire as the prisoners rushed toward them. They were hurt, but a South Korean suffered minor injuries when hit by a rock.

Williams May Not Play Ball This Year

WASHINGTON (P)—Ted Williams will head home from Korea tomorrow, the Marine Corps says, but it is unlikely that he will get back to the Boston Red Sox outfield this season.

Williams has been ordered back to the U. S. for treatment of an ear and nose ailment which impairs his usefulness as a jet pilot with the First Marine Air Wing. A captain, he had flown 38 missions before being grounded earlier this month.

Williams, 35, was called back to active duty in May, 1952, for a hitch which is not due to expire until October. A Marine Corps spokesman said yesterday it is "most unlikely Williams will be released from active duty before then."

But, informed officials said today, such troublesome questions as Germany's future, the British-Egyptian quarrel and North Atlantic defense problems undoubtedly will be reviewed also.

The first inkling that a foreign ministers' meeting was being planned came yesterday when the acting British Prime Minister, Richard A. Butler, told the House of Commons Britain had suggested such a get-together.

KRALY EARNS 13 TO 2 RECORD IN EASTERN LOOP REPORTS SHOW

By The Associated Press

Varsity pitchers for the slumping New York Yankees could take a lesson from one of their farmhands—Steven Kraly of the Eastern League Binghamton Triplets.

Kraly spotted the Williamsport A's four runs in the first inning before he closed the switch last night and went on to a 7-4 victory. Kraly's record now is 13-2, best in the league.

In another show of sharp pitching, the Schenectady Blue Jays' Johnny Meyer held the Wilkes-Barre Barons to two hits for a 7-1 triumph.

Albany's Senators scored a 10-inning, 3-2 victory over the Scranton Miners in the only other game played. The scheduled game between the Elmira Pioneers and Reading Indians was postponed.

Riale Loses First

Williamsport pitcher Bill Riale suffered his first defeat of the year in losing to Kraly at Binghamton. Riale has won two. Catcher Lou Berberet stroked a home run and a bases-loaded triple for the Triplets. Bill Stewart and Dick Tettebach homered for the losers.

Meyer's victory for Schenectady gave him a 4-5 record for the year, while Wilkes-Barre's Bill Fogg took his eighth loss against three victories. Left fielder Danny Schell had a two-run homer for the Blue Jays in the eighth. Meyer lost a shutout on Pete Caniglia's circuit smash in the fourth inning.

Albany's victory was its fifth in a row. Right-hander Frank Sullivan relieved starter Jim Ehler in the ninth and was credited with the victory, his seventh. Harley Grossman was tagged with the loss. Charley Wolfe cashed Scranton's first score with a home run in the seventh.

with the fire company brings about relations which in later years will provide the latter with new members as older ones retire. The younger men can be recruited from the Scout troop as these boys reach firemen's age.

The old cider press is a one-story concrete block building which has 1,200 feet of floor space. When completed it will give the Scouts a meeting room and storage place, badly needed at the present time. Much of the funds for the scout troop are raised through the collection and sale of old newspapers and magazines. With a place to sort and store the old paper, higher prices can be obtained, leaders said.

When completed, the old cider press building will be used as headquarters by both the Boy Scouts and the Girl Scouts. A drive is underway now for funds and materials to repair the building. Two hundred white pine and Douglas fir trees planted on the property will provide additional funds for the Scouts in future years. Glenn A. Bream is scoutmaster.

BIG 3 PARLEY MAY BE IN JULY

WASHINGTON (P)—A wide-ranging Big Three foreign ministers conference appears to be shaping up for some time in mid-July.

Although billed as an informal session, there is every prospect critical cold war decisions may result from this American-British-French meeting.

Far Eastern problems, especially the wars in Korea and Indochina, undoubtedly will dominate the agenda.

But, informed officials said today, such troublesome questions as Germany's future, the British-Egyptian quarrel and North Atlantic defense problems undoubtedly will be reviewed also.

The first inkling that a foreign ministers' meeting was being planned came yesterday when the acting British Prime Minister, Richard A. Butler, told the House of Commons Britain had suggested such a get-together.

"Blackie, The Horse" is scheduled to be the top comedy attraction. "Blackie" is a horse costume covering two men and the act includes a girl who is the "owner" of the "Animal."

Musical accompaniment will be provided by Mitch Grant, of Harrisburg, said to be one of the outstanding organists in this area.

Change Admission Rates
Much of Monday's meeting was devoted to deciding on locations of the various departments in the fairgrounds buildings. A number of new exhibits, including one from State College, a Soil Conservation exhibit and a Farm Safety exhibit are to be new to the fair this year.

Some changes were made in admissions. While the general admission of 60 cents to the fairground was continued, the season ticket price was advanced from \$1.80 to \$2. At the same time the group decided to provide season tickets at \$1 to those persons having seven or more exhibits at the fair, with the exception of livestock. Persons exhibiting livestock will be given free tickets by Director Jester.

With the season price of admission to the fairgrounds raised the fair association lowered the admission for the entertainment at the auditorium. Adult tickets will be 60 cents instead of 80; children between six and 12 will pay 30 cents instead of 40 and children under six will be admitted free.

ITALY'S PREMIER QUILTS MONDAY

ROME (AP) — Premier Alcide de Gasperi handed his government's resignation to President Luigi Einaudi Monday and Einaudi began consultations expected to end in his asking De Gasperi to form his eighth Italian Cabinet aligned with the Western Allies.

The Premier's action was a formality necessitated by Italy's election of a new Parliament in June.

In that voting, the center bloc dominated by the 72-year-old Premier's Christian Democrats won a majority of 16 seats in the 590-member Chamber of Deputies and seven seats in the 243-member Senate.

Einaudi planned a round of conferences with the nation's political leaders before asking one of them to form a new cabinet. First on his list of callers was Sen. Enrico de Nicola, 76-year-old elder statesman who was Italy's first provisional president after establishment of the republic at the end of World War II.

Though most observers anticipated De Gasperi eventually would be asked to form the government,

SHOWERS HEAD FOR STRICKEN TEXAS SECTION

DALLAS, Tex. (AP)—An inland sweep of tropical storms today pushed showers toward West Texas and Oklahoma farm areas for which President Eisenhower made available an eight-million dollar drought disaster fund.

Downpours, as heavy as 6 inches at Baytown, scattered over East and Central Texas yesterday in time to save pastures, cotton, peaches, late corn and vegetables in many counties.

New Mexico Seeks Aid

Forecasters expected scattered rain to drift into dried-up West Texas and Oklahoma. But in much of the area a four-year drought has so denuded the soil of plant cover that rain would fall only on sandy wastes. Most of the West Texas wheat crop and much of the cotton is gone. Pastures are crisp and useless.

The White House announcement yesterday said relief funds would be allocated to 152 counties in Texas and 40 in Oklahoma. The counties were to be named in a formal Washington announcement today.

Meanwhile, Gov. Edwin Mechem of New Mexico appealed to President Eisenhower for federal aid in New Mexico's drought crisis. He planned to fly to Washington today.

There will be no evening services during the summer on Sundays until further notice for parishioners of Paradise Catholic church, according to the pastor, the Rev. Francis L. Mignot, who will conduct a novena service with Benediction of the Blessed Sacrament immediately after the Sunday Masses, at 7 a.m. in the school chapel and 8:30 a.m. in the parish church.

New Oxford

NEW OXFORD — Improvement is reported in the condition of the Rev. Philip J. Gergen, pastor of the local Catholic parish, who was taken to St. Joseph's hospital, Lancaster, last week, for treatment after he became ill the previous week at Mt. St. Mary's College, Emmitsburg, where he had been on retreat. Father Gergen is suffering with a heart ailment. During his illness, priests of the Jesuit Order are attending to the spiritual duties of the congregation.

Mrs. Veronica L. Fleming, who has resided in St. Petersburg, Fla., for the past six years, is now spending some time in this area and expects to visit relatives and friends in the New Oxford section while making her headquarters at the West York home of a sister, Mrs. Thomas Jenkins.

Anthony Charles, infant son of Charles I. and Marie Smith Groft, was christened after the late mass Sunday at the local Catholic Church by a priest of the Society of Jesus who was assisting in the parish during the illness of Father Gergen, the regular pastor.

Among those who had charge of the Daily Vacation Bible school sessions which closed Friday at Abbotstown are Mrs. Robert B. Felty, formerly of here, who was a teacher in the pre-school group; Miss Nancy Gruver, daughter of Mr. and Mrs. Oscar Gruver, also formerly of this section, who acted as secretary of the school.

The local convent of the Sisters of Mercy who teach the parochial school children has been closed until late August, the Sisters having departed for their annual summer assignments and vacation.

Miss Jean Rider was hostess Tuesday evening to the Youth club of the local Catholic parish, at the home of her parents, Mr. and Mrs. Carroll Rider.

Carol, Rosalie and Linda, young daughters of Mr. and Mrs. Donald E. Miller, East Berlin, have been spending some time with their grandparents, the Rev. and Mrs. Paul Miller, R. 2, while their parents are on a motor trip to a Church of the Brethren conference in Colorado.

SEN. JOHNSON URGES UNITY IN FOREIGN POLICY

By JACK BELL
WASHINGTON (AP) — Democratic Leader Lyndon B. Johnson of Texas pleaded for foreign policy unity today in the face of a blistering attack by Sen. Langer (R-ND) on the administration's \$5,318,000,000 foreign aid bill.

Johnson said in an interview he knows of no "crippling" amendment to be offered by Democrats to the measure to continue the Mutual Security Administration program. And he added:

"The less partisanship we display at this critical time, the better it will be for the country. If we ever needed unity on foreign policy, we need it now."

Traditional Stand
The Senate today enters its second day of debate on the bill—already approved by the House at a \$4,998,000,000 level.

Langer told the Senate yesterday the measure is "a fraud on the credulity of the American people" because he said U. S. allies selfishly recognize "right and duty only to themselves."

Langer declared Secretary of State Dulles has "played the part of a big, bluff Santa Claus" on a tour of Europe. He contended the U. S. has been put in the position of supporting European colonial policy in Asia and thus has caused some Asiatic areas to regard the Russians as their liberators from such policies.

Langer traditionally has opposed what he calls giveaway programs. Senate leaders were confident the measure will be approved by a substantial majority.

No Time For Retrenchment
Chairman Wiley (R-Wis) of the Senate Foreign Relations Committee argued yesterday that with Russian control of European satel-

lites "crumbling," this was no time for the U. S. to retrench on its foreign aid program.

Johnson said he and Sen. Taft of Ohio, the Republican leader, had agreed to co-sponsor an amendment aimed at wiping out a House-approved provision which automatically would withhold about one billion in aid funds until Western European countries ratify treaties for a unified army.

The Texas senator said the amendment would leave any such action up to the discretion of the President.

RELEASED POW IS SUBVERSIVE

SAN FRANCISCO (AP)—One of the first Americans freed in the disabled Korean War prisoner exchange in April has been discharged from the Army as "disloyal and subversive."

The 24-year-old ex-corporal, Paul F. Schnur Jr., had been held virtually incommunicado by the Army since he was handed over by the Reds April 20.

A Sixth Army spokesman said yesterday the "undesirable discharge" was ordered by the adjutant general's office in Washington. He said it is not a dishonorable discharge and does not deprive the holder of any rights or benefits of a veteran.

Schnur was awarded a Bronze Star for valor in Korea before his capture in 1950.

He was vacationing in Spokane, Wash., at the time of the discharge announcement.

VANDENBERG TO RETIRE TODAY

WASHINGTON (AP) — The change of the military high command begins today with retirement of Gen. Hoyt S. Vandenberg, chief of staff of the U. S. Air Force and senior member of the joint chiefs of staff.

A farewell salute from jet warplanes and marching men of the force Vandenberg has commanded for five years was arranged at Bolling Air Force Base here.

A few weeks hence the others of the "Old Chiefs" will depart to make way for the "new chiefs" named by President Eisenhower, partially in response to a demand by Sen. Taft (R-Ohio) that there be a clean sweep of the strategymaking Joint Chiefs.

President and Mrs. Eisenhower were invited to attend the ceremony at Bolling field, but the White House said last night the Chief Executive had made no plan to attend.

North Korean Red Radio Coldly Rejects UN Offer To Sign Truce Now On Terms Once Approved

By ROBERT B. TUCKMAN
SEOUL (AP)—The North Korean Red radio today promptly and coldly rejected the U. N. Command offer to sign an armistice now on terms already agreed upon at Panmunjom.

Shortly after, President Eisenhower's special emissary to South Korea, conceded that President Syngman Rhee also persisted in his refusal to accept the truce.

Walter S. Robertson, assistant secretary of state for Far Eastern affairs, told reporters after his fifth secret session with Rhee: "Obviously, there are points which need clarification in our negotiations. Otherwise there would be no need for these meetings. President Rhee and I are trying to work out a solution which will be acceptable to our two governments and, at the same time, sac-

rific the principles of neither."

Robertson's remarks contrasted with earlier expressions of optimism from himself and Rhee. He said he would meet again with Rhee Wednesday. He did not say how long he expected the conversations to continue.

Communist reaction to U. N. Commander Mark Clark's proposal for a truce now—irrespective of Rhee's opposition—was unexpectedly swift.

Charge Connance
The broadcast from Pyongyang, North Korean capital, charged that Clark's letter to Communist military leaders Monday lacked "sincerity" and was "inconsistent" with the facts. It insisted there had been "connance" between the UN and South Korea in Rhee's order releasing more than 27,000 anti-Communist North Korean war prisoners since June 18.

Pyongyang added that Clark's letter—delivered at Panmunjom through liaison officers—gave "no guarantee" on the future conduct of the South Korean government and that, therefore, the Commu-

nists could not accept it.

It also demanded again the return of all escaped prisoners.

Clark had reminded the Red high command and the Panmun-

Incoming Vice President Roy Hammond announced that Dr. Earl Bowen will present a classification talk at next Monday's meeting at the YWCA, and added that the club will sponsor a play at Al-lenberry Theater in August.

Donald Trone reported on plans for the Fourth of July float. An appeal for persons to provide meals for the soldiers here July 4 was made by Roy Hammond.

Dr. James Oyler was introduced as a new member of the club. Dr. Joseph Baker led group singing with Dr. Kenneth Smoke accompanying at the piano. Sixty-two attended the session.

THINGS OF THE SOIL

By DAN F. VAN GORDER
The Gettysburg Times Agriculture Editor

Questions of our readers on lawns, flowers, vegetable growing, poultry, fruit, livestock and general agriculture will be answered by return personal letter without charges if a 3-cent stamp is enclosed.

Address Letters to
THE GETTYSBURG TIMES AGRICULTURE EDITOR
Box 1528, Washington 13, D. C.

Potato growers face one major task — growing a heavy crop of normal leaves. Any disease, insect or condition that reduces the number or impairs the vigor of potato leaves proportionately affects the tuber yield and quality. Of course, this principle applies in the growth of almost any other food or ornamental plant but it is particularly applicable to the late potato crop because hot mid-summer weather brings numerous factors that tend to damage or weaken potato foliage.

Late blight is so-called because it attacks potatoes rather late in the plant's stage of growth, usually at the blossoming period or afterward. Growers, home gardeners as well as commercial producers, should understand clearly that late blight must be prevented or yields will be completely destroyed or greatly reduced. Of course, planting late-blight-infected seed will introduce the disease. But Maine tests indicate that a small percentage of blighted plants result from this source. However, the germinating shoot from a blighted seed piece may produce innumerable blight spores that will spread to other nearby plants.

Observations show that most late blight is spread from cull potatoes exposed near the field or garden. The young shoots from a discarded tuber, if that tuber is infected with blight, may send out waves of spores to the growing

plants. Cooking and feeding discarded cull potatoes or spraying the heaps with Bordeaux mixture when sprouts form will greatly curb the dangers.

The best and most economical insurance against late blight of potatoes is a program of Bordeaux mixture sprays — every 7 to 10 days through the plant's life. A 4-6-50 strength is generally recommended. Because blight spores may enter any tender portion of the plant, coverage should be uniform and liberal.

Tipburn and hopperburn may be considered jointly. Both directly affect potato yields and tuber quality by the same means that late blight influences the crop. In a critical sense these two troubles may be deemed conditions rather than diseases in that they are apparently the result of moisture deficiencies in the foliage. Hot, dry weather is often a contributing factor. But in most cases the leaves die because they have been attacked by the potato leafhopper. In this case the trouble is designated hopperburn.

Obviously the sap-sucking leafhopper causes more injury than its actual feeding. Experienced growers believe the insect actually introduces a toxic substance that causes the major part of the leaf burning. Anyway, growers must control the leafhopper without compromise. The addition of two pounds of calcium arsenate to 50 gallons of Bordeaux mixture will gain this desired end. The same schedule advised for prevention of late blight will, if the calcium arsenate is added, bring about control of leafhoppers.

Because leafhopper larvae injure the growing tubers, warfare against this pest should be all-out. The editor does not advise use of DDT for combating any potato insect enemies. To date no accurate appraisal of the dangers transmitted to consumers from this poison has been made. Herein is a case where growers may wisely follow the older practices. Calcium arsenate, combined with the repelling effects of the Bordeaux mixture residue, will take care of the leafhopper menace.

Totem Pole Play To Open Tonight

"Getting Gertie's Garter," a bedroom farce and slapstick comedy, will open tonight at the Totem Pole Playhouse, at Caledonia Park, to run through Saturday, July 4.

Eleanor Warwick one of Totem Pole's new members this season, plays the part of Gertie. Others in the cast include Judy Price of "Ramshackle Inn" fame and Mary Ann Benedlet, a Chambersburg product, who are the comedienne of the production, and Al Sanders.

The bones of the Indian chief, Sitting Bull, have been moved from North Dakota to South Dakota.

ANNUAL FETE BY

(Continued From Page 1)
manding officer, Maj. Gen. George B. Barth, will deliver an address.

The parade will be led by Maj. Gen. John M. Weikert, formerly of McKnightstown, as honorary grand marshal, and will include several top bands and drum corps, dozens of floats and marching units, and fire apparatus. Advance parade reservations indicate it will be the largest and most colorful parade ever held on Independence Day here.

Sharing the spotlight with Vice President Nixon will be famous U. S. Air Force Drum and Bugle Corps, called the most outstanding organization of this type in the country.

14,230 Fatalities In Five Months

Deaths in May numbered 3,090. That was a reduction of 2 per cent from the number killed in May, 1952, but it was the highest total for any month thus far in 1953.

The council figures 40 million vehicles will be on the streets and highways during the Fourth of July week end which starts Friday.

Red Chinese Slug Koreans; Use Big Guns

SEOUL (AP)—About 12,000 Chinese Reds backed by a booming artillery barrage crashed into South Korean positions along the gateway to Seoul Monday.

Far to the north, Allied Sabre jets blasted six Red MIGs to earth, running their score for the month to 59 MIGs killed, only four short of the one-month record set in September, 1952.

The MIGs were shot down as the Sabres flew a tight cover over 36 fighter-bombers striking at Namal, near Sinuiju in Northwest Korea.

The Reds poured a division or more into three-day-old battles for two outposts 40 miles due north of the capital just as South Korean infantrymen had swept to the crest of one of the hills.

The furious Red attack—unusual because it came in broad daylight—hit a two-mile-wide stretch on the Western Front. The targets were bloodied outposts Bak and Queen, rising 500 to 800 feet.

At last report the Reds held both, but fighting raged at the foot of the outposts as the sturdy ROKs regrouped and counterattacked.

There was an unconfirmed report that one Red battalion—500 to 750 troops—had broken past the heights and was assaulting the Allies' heavy, dug-in line.

Mrs. Rockefeller Takes Possession

NEW YORK (AP)—Barbara (Bobo) Rockefeller seized her estranged husband's Park Avenue apartment over the week end after suddenly arriving here from an Indiana farm.

With her were their 4-year-old son and an unidentified woman friend.

Mrs. Rockefeller, blonde daughter of an immigrant coal miner, moved into the apartment with her husband, Winthrop Rockefeller, heir to Standard Oil millions, was in Little Rock, Ark.

She talked briefly Sunday night with newsmen by telephone, indicating she was not impressed by a million dollar trust fund being set up by Rockefeller for her.

Allied officer said hammered hills "like an anvil," the Communists slammed back ROK First Division infantrymen who had clawed up the slopes of Outpost Bak. The ROKs counted nearly 5,000 rounds of incoming Red artillery during an eight-hour period on the narrow front.

American and South Korean big guns—including huge 240 millimeter guns—struck back at the advancing Chinese and their support areas.

The Red thrust was another in a series the Chinese have hurled at South Korean units in recent weeks—apparently aimed at punishing them for resisting an armistice.

Another see-saw battle raged on the Eastern Front, where the Communists pushed forward five miles in the past two weeks.

SEAMAN DIES IN HEROIC EFFORT TO AVERT CRASH BY TWO SHIPS

By JAMES F. TOMLINSON
BARNEGAT CITY, N. J. (AP)—A Brazilian freighter and an oil tanker, collided in a thick fog off the New Jersey coast Sunday night, killing one Brazilian seaman who made a futile attempt to avert a disaster.

Two other crewmen of the freighter, Loide Panama, were slightly hurt.

Twenty-four crewmen of the freighter, taken to New York City by a Coast Guard cutter, told the story of their shipmate's death.

The 5,408-ton freighter, with a crew of 53 and a cargo of coffee, put out from New York for Philadelphia on Sunday morning, she encountered thick fog last night.

Twelve miles off the Jersey coast, Aristides Bistos dos Santos, 33, of Rio de Janeiro, an ordinary seaman, saw the fully-loaded 10,195-ton oil tanker Gulftrade, bearing down on his ship's starboard side, amidships.

Instantly he ran to the point for which the tanker was headed and attempted to put a heavy hemp bumper over the side to lessen the oncoming blow.

At that moment the tanker struck, dos Santos was killed instantly, his shipmates said. His body is aboard the freighter.

The tanker's blow rolled the Loide Panama toward its port side. The coffee-laden ship rolled back to an even keel, but began to list to starboard gradually as water came through the wound in the hull into its No. 4 and 5 holds.

Two Held In Probe Of Slaying Attempt

MT. HOLLY, N. Y. (AP)—Two men were held without bail as material witnesses today in the attempted shotgun slaying of George Page, admitted gambler who turned star witness for the state in a gambling probe.

One was Page himself, committed to Burlington County jail here for his own protection. Deputy Atty. Gen. Edward J. McCardell who conducted the grand jury investigation in which 17 men were indicted, said the shooting in nearby Florence was a definite attempt to kill Page.

The other was Leslie P. Carty, 36, of Florence, arraigned at 2 a. m. today in Burlington after police questioned 10 persons for 12 hours.

State police Det. George Dann told Burlington Municipal Judge John Quennan that Carty may have been the driver of the car that followed Page's car in the darkness early Sunday morning. Carty was held only as a material witness, however.

GIRL CRUSHED IN TRUCK CRASH

LEWISTOWN, Pa. (AP)—A 10-year-old girl was crushed to death and all five other members of her family were injured when an Army truck and auto traveling in opposite directions pulled out into the center of a three lane highway at the same instant.

A total of nine persons were hurt when the Army truck smashed into the car of Clair Sowers, 31, of Philadelphia, on U. S. 22, six miles east of Lewistown early on Sunday.

The mangled body of Anita Sowers was found by police after the injured had been removed and they were lifting the crumpled car from the roadway. She suffered a crushed chest and head.

Hurt By Truck Wheel
Sowers was admitted to Lewistown Hospital in critical condition with skull, rib and compound leg fractures. His wife, Norma, 27; son, John, 8; and daughters, Rose, 7, and Barbara, 5, were in satisfactory condition with leg and head injuries.

State police said Sowers, traveling to Lewistown from Philadelphia, started passing another car going westward at the same time Kenneth Wymer, 27, of Pontiac, Mich., drove the truck into the middle lane to pass a car in front of him on the eastbound lane.

Charles Criswell, 60; Sara McCole, 51; and Dawn Kurtz, all of Lewistown, R. D. 3 and passengers in a car behind the Sowers auto suffered minor injuries when a wheel flew off the Army truck and into their car.
